To Whom it May Concern

This is to Notify that the company SOLARIG Holding S.A. (and all the controlled and owned companies,) has the Liquidity needed to undertake the MRRA/M/9/2009 PV project in Malta up to approximately 4.5MW during the next 2 years. SOLARIG has maintained a banking relationship with us for the last three years without any incidence. We know of SOLARIG's international business plan and its capacity to develop international solar projects.

Yours sincerely,
