Dear Albert,

I have received and noted your letter dated March, 31.

I fully understand and respect your decision to resign your seat as Member of Parliament on account of your new professional engagements abroad.

I very much regret this turn of events which has developed as a result of the Labour Government's senseless decision to throw away your outstanding skills and experience. It is nothing short of scandalous that the Health Minister finds no qualms in opening a secret company for himself in Panama, but then finds no inner strength to overcome partisan considerations and retain your services in the best interest of Maltese patients. I find this deeply disturbing.

You are right that your resignation comes at a particular juncture in the local political scene, marred as it is by a Government that finds itself embroiled in an unprecedented crisis of corruption of its own making. I can assure you that I will leave no stone unturned to deliver to our nation a radical clean-up of our political system, once and for all.

I am truly grateful for your continued support and I take this opportunity to thank you for the services you have rendered in Parliament and within the Party over the last three years. I wish you all the best in your new endeavours, both in my personal name as well as on behalf of the Party.

Yours truly,

Simon Busuttil
